

# Additional Entity Filing Requirements:

# NEW YORK

## Certificate of Publication

The state of New York requires a newly formed LLC to publish an announcement of its formation. Specifically, the publication must be made:

- Within 120 days of formation
- In **two** local (within the LLC office's county) newspapers—one daily publication and one weekly publication
- Once a week for six weeks

Please note that you are not required to choose the newspapers. Instead, the [County Clerk](#) will designate them for you.

Once published for the required time, the publisher of each newspaper will provide you with an Affidavit of Publication. Next, you must file a [Certificate of Publication](#) with the New York Department of State, along with each Affidavit of Publication and a fee of \$50.

## Associated Costs

Aside from the \$50 filing fee, publication costs typically range from \$100–\$1,200. Costs vary based on:

- County
- Publication
